

Dear family and friends,

As you may know, I've been connected with Mending the Soul Ministries for approximately **(LENGTH OF TIME)** and have walked **(NUMBER OF PARTICIPANTS IN YOUR GROUPS)** survivors through their trauma care in safe community using the MTS healing model. My own life has been transformed through MTS as well, and I want to share just a bit of my healing and redemption story with you.

**(PERSONAL PARAGRAPH HERE)**

Mending the Soul exists to train and resource men and women like me to bring the support they've received through MTS to others who are suffering from the effects of abuse and trauma. It truly is a gospel picture of the hurt becoming the healers, and it is an incredible journey to be a part of.

I'm writing because I would love to invite you into this kingdom adventure with me! I need prayer and financial support partners who will invest in the care that I have been called to offer to others. Mending the Soul recently launched a Facilitator Support Service, and this subscription provides bi-weekly spiritual formation and skill building trainings for facilitators, quarterly one-on-one coaching sessions with professional counselors, webinars with MTS founders, Steve and Celestia Tracy, and MUCH more. Your commitment to partner with me not only empowers me to serve others at a higher capacity, but enables other MTS leaders around the world to receive this high-level training and support as well. The Facilitator Support subscription costs \$24.99/month. My goal is to raise twice that, or \$49.98/month to provide this service for myself and for an international facilitator who would benefit from ongoing support.

Thank you for linking arms with me as I continue my healing journey and begin to serve with Mending the Soul. It is a great privilege for me to see how far the Lord has brought me, and to now participate with MTS to bring healing and wholeness to the lives of others who have been impacted by abuse. This crucial kingdom work could not happen without teams of supporters like you standing in partnership with facilitators like me to extend the healing hand of Jesus to our communities.

Please reach out to me with any questions you have. I would love to talk further with you about the vision I have for my work with MTS and ways you can support the organization.

With gratitude,
